We would respectfully call the attention of our citizens to the provisions of Chapter 59 of the Session Laws of New Hampshire, passed at the January session of our Legislature in 1917 in relation to the establishment and maintenance of the State and other public libraries.

During the past year we have sent two boxes of books to our soldiers overseas.

The interest in our library is manifest, in the increase of its circulation from year to year, particularly among the younger portion of our citizens.

Respectfully submitted,

ANNIE L. COLBY,
Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

Gentlemen of the Fitzwilliam School Board:

I herewith submit to you my first annual report as Superintendent of Schools, this being the nineteenth under district supervision. Much of my time during the half year I have been with you has necessarily been taken in attending to the routine work and in getting acquainted with school conditions. This report will be limited to recording certain things which ought to find a place in every school report and to making a few specific suggestions.

At the close of the last school year it seemed advisable to make a change in the high school course. This was due partly to the fact that it was impossible to secure a man to continue the agricultural course after Mr. Moberg was called into the service, and partly because the work hitherto offered has failed to fit pupils to carry on the next year's work when entering a new school. After examining the school last May the State Department found the work unsatisfactory and placed the high school on approval for the first term only, the continuance of State approval depending upon the attendance and quality of work done up to Dec. 31, 1918. The illness of Mr. Butterfield in December has prevented his visiting the school and to date the matter of standing with the state department is uncertain.

Having decided upon reducing the high school course to two years we made every effort to secure the strongest teach-

ing force available. For principal we were fortunate enough to secure the services of Miss Rose M. Pillsbury of Camden, Maine. Miss Pillsbury has had wide experience both in college and in secondary school work and holds a Maine certificate of the Superintendance grade. Her work has been excellent and the school has done well under her guidance, but a high school of only twelve pupils offering both the Domestic Arts and Academic course requires as large a teaching force as a school three times as large, and the small high school finds it difficult to strike the pace that is easily attained in a larger school.

For the Domestic Arts and English courses we secured Miss Alice L. Whitten, a graduate of Gorham Normal School. Her classes have been small but thorough and faithful work has been accomplished.

Conditions have been improved by moving the four upper grades from the town hall building into the high school. Miss Dorothy Pickard, who completed the last term of last year with those grades returned and was continuing her excellent work when she was stricken with influenza and died early in October. She was not only a splendid teacher but an exceptionally fine young woman, and her loss has been keenly felt both by her associates and the community as well.

Miss Flora E. McCubbin of Andover, Mass., a graduate of Bridgewater Normal School now has charge of these grades, and has been carrying on the work in a satisfactory manner.

Finding the schedule of the high school to be rather light and the upper grade work rather heavy we have tried to equalize the burden by having Miss Pillsbury teach some of the grade subjects where the schedule allowed her a spare period.

Miss Ober returned to her position in the primary school in the village and under her efficient teaching these grades have made satisfactory progress.

The schools at the Depot last May were found in a sadly demoralized condition both in discipline and in work. Miss Anna

I. Flynn, a graduate of Keene was elected teacher of the Depot grammar school, and Miss Mildred Sturtevant has had charge of the primary school. Both teachers rendered excellent service during the fall term, and entirely transformed the character of the schools.

Miss Flynn received an excellent offer of a position in Berlin, N. H. at Christmas time, and the school board reluctantly released her. Mr. Norman J. Tukey of Chelsea, Mass., was elected to succeed Miss Flynn. Mr. Tukey has attended Bowdoin College and Boston University, and has recently been with the American forces in France. He has taken up the work with enthusiasm and thus far has been securing excellent results.

Miss Blodgett, who has served long and faithfully in District No. 10 is continuing her excellent work in that school. Her school is properly regarded as one of the best rural schools in the state.

Miss Manning is teaching her second year at State Line. This is a small school and it seems difficult to secure as satisfactory results from this school as from some others, still the work has shown steady improvement during the year.

Miss Holtham has continued her musical instruction in the village and Depot schools. I believe her work is heartily appreciated. Last year it was suggested that the music supervisor be dispensed with and that the musical instruction be secured through the regular class room teachers. In theory this appears to be an economical move, but more than ten years of experience in school work has shown me that where a town employs a music supervisor the results are far more satisfactory than where this work is left to the class room teacher. I believe it would be false economy to attempt to save in this direction.

All our schools, except the small rural school at State Line, have been sadly interfered with by the influenza epidemic and from four to six weeks' time has been lost. The schools

throughout the state, and throughout New England have suffered about the same loss of time.

The main proposition for immediate consideration is the action to be taken regarding the high school. It is a serious proposition to curtail the educational advantages of any pupil, and having once established a high school the course should be dropped only for the strongest possible reasons. The fact remains, however, that last year the school did not do the work required of an approved high school, and this year, with a two year course, we have had an enrollment of but twelve pupils. Considering the distance and the fairly good train service to Winchendon and Keene it might be desirable to send the pupils who desire to attend high school to one of these schools and thus eliminate the entire expense of maintaining a high school.

Another suggestion would be to eliminate the second year's work and organize the seventh, eighth and first year of the high school into a three year junior high, and handle the work of those three years, together with the fifth and sixth grades with two teachers instead of three. In this case I would recommend allowing the seventh grade girls to begin the work in domestic arts. This is where the work properly begins, and under such an arrangement the classes would be much larger and more efficient work could be done than under the present arrangement.

The expense of the high school is certainly a matter that deserves serious consideration, and whatever arrangement is made no necessary expense should be spared to maintain the best possible school that the town can afford.

It will probably be necessary to make some alteration in the heating of the Depot school before another winter. Since Christmas the furnace has worked better than it did earlier in the season, but there is a crack in the fire box, and the furnace smokes badly when a fire is started.

Everything considered I feel that the schools of this town

have made encouraging progress this year. In spite of the shortage of teachers last summer we were able to secure an excellent teaching force. The spirit manifested by the teachers has been most helpful, and I certainly appreciate their attitude.

In referring to the high and junior high school I should not omit to mention the organization of the School Improvement League under the direction of Miss Pillsbury. Through an excellent entertainment rendered by these pupils and later social events a piano for the high school has been bought and paid for.

I do not desire to use any unnecessary space in this report. I am aware that we are all busy people. There are many calls on our time in the interests of the general welfare. We already have organizations which are interested in varied phases of our community, state and national life. I cannot, however, refrain from calling your attention to one type of organization which is doing an immense amount of good for the schools in many localities. I refer to what are known as parent-teacher associations. I believe that some such association here, embracing the whole community, might be made a very helpful influence in bringing the homes and schools into closer touch with each other and in fostering that co-operation which we all know is so much to be desired.

I wish at this time to express to the school board, teachers, parents, and pupils my appreciation for their encouragement and support which have made my work a pleasure.

Respectfully submitted,

LEWIS S. RECORD,
Superintendent of Schools.

East Jaffrey, N. H., January 31, 1919.

SCHOOL BUDGET

A letter just received from the State Department says that a bill now before the legislature will if passed entirely change the whole system of raising school money and apportionment of state aid and suggests that the school boards delay making their estimates and making their warrants until this matter is settled one way or the other.

The estimate given below is therefore largely conditional and is based on the law as it now is and on running the schools in the same way as during the past year.

FOR SCHOOL YEAR FROM SEPT 1, 1919 TO SEPT. 1, 1920

Amount required by law,	$1,350 00	
Additional required,	2,300 00	
Repairs,	400 00	
High school,	1,700 00	
Assessed by the selectmen for books, supplies and district officers.	500 00	
		$6,250 00
Additional required to finish the year 1918-1919,		$1,000 00

Respectfully submitted,

GEO. S. EMERSON,
FRANCIS R. PARKER,
C. L. WILLIAMS,
School Board of Fitzwilliam.

The undersigned having examined the above report finds it correctly cast and properly vouched.

JOHN S. BLAIR,
Auditor.
